

Billing Information

Questions about your bill

As of October 1, 2015, the billing for Town Square Anesthesia is managed by **Anesthesia Management Partners**. If you have any questions about your bill please contact the billing office at **(847) 457-3800**.

If you have questions for bills related to surgeries prior to October 1, 2015, please direct all questions to **AHS AdvantEdge Healthcare Solutions** at **(630) 874-2705**.

Information about a bill or medical procedure will only be provided to the patient, individuals specifically authorized by the patient, providers involved in the patient's care, or insurance companies and organizations involved in the billing process.

When calling about your bill please be prepared to provide the account number, patient name, the patient's date of birth, and the date services were provided.

Payments from patients or insurance companies should be sent to:

Town Square Anesthesia, LLC
PO Box 836
Crystal Lake, Illinois 60014

Why am I receiving a separate bill for anesthesia services?

Town Square Anesthesia is an independent group of physicians and our services are not included in the bills from the hospital or surgeon's office. Many of the physicians involved in your care will likely bill for their services independent from the facility, so you may receive many separate bills for your procedure.

I have an upcoming procedure; how much will my bill be?

While we are able to estimate the bill for your anesthesia, we can't know exactly how much your bill will be until the procedure has been performed. The fees for anesthesia services are time-based, and can vary from case to case, even for the same procedure. You can contact our billing office (Anesthesia Management Partners) at (847) 457-3800 for an estimate of your bill, but please remember this is only an estimate and your final bill may be different.
